"We've been planning this a long time," Angel assured her. "I've climbed the tree a hundred times, maybe two hundred, mapping it, describing it to Barty, inch by inch, the trunk and its four divisions, all the major and minor limbs, the thickness of each, the degree of resilience, the angles and intersections, knots and fissures, all the branches down to the twigs. He's got it cold, Aunt Aggie, he's got it knocked. It's all math to him now." Admitting to the likelihood that he would never again devote himself seriously to his business, Paul sold it to Jim Kessel, long his good right hand and fellow pharmacist..Soundlessly, reluctantly, Agnes pulled the bedroom door nearly shut, and went down to the kitchen, where she sat alone, drinking coffee and nibbling at mysteries. Of all the gifts that Barty opened on Christmas morning, the hardback copy of Robert Heinlein's *The Star Beast* was his favorite. Instantly enchanted by the promise of an amusing alien creature, space travel, an exotic future, and lots of adventure, he seized every opportunity throughout the busy day to crack open those pages and to step out of Bright Beach into stranger places..Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension..Clenching his right hand around the quarter, waving left hand over right, he intoned, "Jingle-jangle, mingle-jingle." Opening his right hand, he revealed that the coin had vanished..An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..The nurse raised her eyes from Agnes to this other person. "Yes a chip of ice would be all right." In the execution, he was likewise scrupulous, for he didn't want the grownups to see what Angel saw; he preferred they believe it was sleight of hand-or magic. After the usual moves, he briefly closed his right hand around the coin, then with a snap of his wrist, flung it at Angel, simultaneously distracting with flourishes aplenty..He was as solid as any boy. He was in the day but not in the rain. He was moving toward the back of the car.. "Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively." "You know," Tom said when the second round of drinks arrived, "hard as it is to believe, some places never heard of martinis." At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..By the time he put his suitcase and three boxes of books--the collected works of Zedd and selections from the Book-of-the-Month Club-in the Suburban, Junior had rushed twice more to the bathroom. His legs were shaky, and he felt hollow, frail, as if he'd lost more than was apparent, as if the essential substance of himself was gone..Dr. Chan's manner remained professional, providing the strength that Agnes required, but his pain was evident when his gentle voice softened further: "These tumors are so advanced, we won't know until surgery if the malignancy has spread. We may already be too late. And if we aren't too late, we'll have only a small window of opportunity. A small window. Eight days would entail too much risk." Her name was Victoria Bressler, and she was an attractive blonde. She would never have been serious competition for Naomi, because Naomi had been singularly stunning, but Naomi, after all, was gone..AFTER THE ENCOUNTER with the quarter-spitting vending machines, Junior wanted to kill another Bartholomew, any Bartholomew, even if he had to drive to some far suburb like Terra Linda to do it, even if he had to drive farther and stay overnight in a Holiday ay Inn an eat steam-table food off a buffet crawling with other diners' cold germs and garnished with their loose hairs..force open Edom's mouth. "Eat your sin, boy, eat your sin!" Edom resists eating his sin, but he's afraid for his eyes.,By the time this operation concluded and the sulphurous Mr. Cain was brought to some form of justice, Simon might have spent twenty or twenty-five percent of the fee that he'd collected from the liability settlement in the matter of Naomi Cain's death. The attorney put a substantial price on his dignity and reputation..Everyone agreed, and the order was placed when their waiter brought appetizers: crab cakes for Nolly, scampi for Kathleen, and calamari for Tom..Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?" She pushed her chair back from the table and got to her feet, and everyone followed her example..Three times, Mary vanished, and three times she reappeared, before she led the bamboozled Koko to her mother and father. "Neat, huh?" "No. But I'm sure as can be, the kid is better off undiscovered by the likes of him." In his mind's eye, Junior saw the coin in transit of the blunt fingers, moving more swiftly than previously because its passage was lubricated by blood..By the time Agnes opened the driver's door and slumped behind the steering wheel, Barty levered himself onto the seat beside her. Grunting, he pulled his door shut with both hands as she jammed the key in the ignition and started the engine..During the rest of that first year, he walked to Palm Springs and back, a round trip of more than two hundred miles, and north to Santa Barbara..As he was wheeled headfirst into the operating room, Barty raised off the gurney pillow. He fixed his gaze on his mother until the door swung shut between them..She got out of the cab and stood on the sidewalk in front of the gallery, her legs as shaky as those of a newborn colt..Now he had to focus on being ready for the evening of January 12: the reception for Celestina White's art show. She had adopted her sister's baby. Little Bartholomew was in her care; and soon, the kid would be within Junior's reach..Then by ambulance to the hospital, whisked into surgery, and for a while, blessed unconsciousness..By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house..The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands.. "If they always go there, smooch--smooch, then you're going to wind up with one really fat finger." *. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." Imagination like all living things lives now, and it lives with, from, on true change. Like all we do and have, it can be co-opted and degraded; but it survives commercial and didactic exploitation. The land outlasts the empires. The conquerors may leave desert where there was forest and meadow, but the rain will fall, the rivers will run to the sea. The unstable, mutable, untruthful realms of Once-upon-a-time are

as much a part of human history and thought as the nations in our kaleidoscopic atlases, and some are more enduring..In the first two weeks, when she wasn't on pie caravans, Agnes received guests in numbers that taxed her. But there were so many people she wanted to see one last time. She fought hard, giving the disease all the what-for that she could, and she held fast to hope, but she received the visitors nonetheless, just in case.."No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little."..As one, those around the table raised their eyes to the ceiling and smiled at the sound of the downpour. Barty, with patches over his empty sockets, also looked up with a smile..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..Junior didn't believe in ghosts, anyway. He believed in flesh and bone, stone and mortar, money and power, himself and the future..He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night..Fortunately, he'd kept neither cash nor his checkbook in the suitcase. With Zedd intact, his losses were tolerable..To the waiter, Nolly was Nolly, Kathleen was Mrs. Wulfstan, and Tom Vanadium was sir--though not the usual perfunctorily polite sir, but sir with deferential emphasis. Tom was unknown to the waiter, but his shattered face gave him gravitas; besides, he possessed a quality, quite separate from carriage and demeanor and attitude, an ineffable something, that inspired respect and even trust.."I don't like the old crazy doctor," she said, still drawing. "I wish it was about bunnies on vacation-or maybe a toad learns to drive a car and has adventures."..During the following ten days, he withdrew money from several accounts. He converted selected paper assets into cash, as well..Eventually, dinner over, cleanup finished, when Maria and the uncles had gone, Agnes and Barty faced the stairs together. She followed, holding his cane, which he said he preferred not to use in the house, prepared to catch him if he stumbled..About ten feet from the trunk of the oak, Barty departed his straight route and began to circle the tree..The container-eye-level at the top, battered, rust-streaked, beaded with condensation-was larger than some in the alleyway, with a bifurcated lid. Both halves of the lid were already raised..Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Ornwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese."..The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day."..Judging by the sounds Vanadium made, Junior figured that the cop had settled once more into the armchair..She shook her head, and red bows fluttered. "No. 'Cause you didn't just move it around."..When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes..With Angel at breakfast, instead of just Uncle Jacob, at least Barty had someone to talk to, even if she did insist on speaking more often through her dolls than directly. Apparently, the dolls were on the table, propped up with bowls. The first, Miss Pixie Lee, had a high-pitched, squeaky voice. The second, Miss Velveeta Cheese, spoke in a three year-old's idea of what a throaty-voiced, sophisticated woman sounded like, although to Barty's ear, this was more suitable to a stuffed bear..So runs the water away..Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends'.She was a duplicitous bitch, too. After coming on to him, after teasing a reaction out of him, she had run off and gossiped about him as though he had instigated the seduction. Worse, to make herself feel important, she had told the police her skewed version, surely with much colorful embellishment.."They've gone to bed. They're tired," Wally told her as he put the car in gear and released the hand brake. "Aren't you?".With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word.."We don't believe it does, do we, Daddy? We don't believe blood tells. We believe we're born to hope, under a mantle of mercy, don't we?".Junior had come to the gumshoe four days ago, with business that might have made a reputable investigator uncomfortable. He needed to discover whether Seraphim White had given birth at a San Francisco hospital earlier this month and where the baby might be found. Since he wasn't prepared to reveal any relationship to Seraphim, and since he resisted devising a cover story on the assumption that a competent private detective would at once see through it, his interest in this baby inevitably seemed sinister..The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love..As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release..He picked up Angel, picked up Barty. "Hold on." He carried them out of the room, down the stairs, out of the house, to the yard under the great tree, where they would wait for the police, and where they would not see Jacob's body when the coroner removed it by way of the front door..He pointed at his feet. "Toes, toes, toes."..The blue vault above, cloudless now, was the most threatening sky that Edom had ever seen. The air was astonishingly dry so soon after a storm. And still. Hushed. Earthquake weather. Before this momentous day was done, great temblors and five-hundred-foot tidal waves would rock and swamp the coast..FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet..Setting out after dark, Paul had walked south, following the coastal highway. He was accompanied by the windy rush of passing traffic, but later only by the occasional cry of a blue heron, the whisper of a salty breeze in the shore grass, and the murmur of the surf. Without pushing himself too hard, he reached La Jolla by dawn..Junior stood at the window for a long time, not because he was pretending to rest, and not because any of the attending nurses was a looker. He was transfixed, and for awhile he didn't know why..He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated..People were at the car windows, struggling to open the buckled doors, but Agnes refused to acknowledge them..Junior realized that killing Renee this very night would be an unthinkable waste. Instead, he could marry her first, enjoy her for a while, and eventually arrange an accident or suicide that left him with

all-or at least a significant portion of her assets..Leaving three of the pats in the container, he carefully placed the fourth on the vinyl-tile floor.. "I'm going to recommend that you be admitted overnight and that we lance these under hospital conditions. We'll use a sterile needle on some of them, but a number are so large they're going to require a surgical knife and possibly the removal of the carbuncle core. This is usually done with a local anesthetic, but in this instance, while I don't think general anesthesia will be required, we'll probably want to sedate you that is, put you in a twilight sleep." Although Neddy had flushed to a rich primrose-pink, Junior still held his hand, crowding him, lowering his face even closer to the musician's. "If you vouched for a teacher, I'd feel confident that I was in good hands, but I'd still much rather learn from you, Neddy. I really wish you would reconsider." Paul recalled the letter he had written to Reverend Harrison White a couple weeks after the death of Joey Lampion. He'd carried it home from the pharmacy on the day that Perri died, to ask for her opinion of it. The letter had never been mailed.. "I'm really not sad, Mom. I'm not. I don't like it this way, being blind. It's ... hard." His small voice, musical as are the voices of most children, touching in its innocence, spun a fragile thread of melody in the dark, and seemed too sweet to be speaking of these bitter things. "Real hard. But being sad won't help. Being sad won't make me see again." Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment.. Calling after her, Agnes said, "No, wait, sugarpie. He should be coming down right now, before it gets dark." He almost opened the paper atop the quarter before seeing it. Shiny. Liberty curved across the top of the coin, above the head of the patriot, and under the patriot's chin were stamped the words In God We Trust.. According to Helen, more than half the paintings had been sold by the close of the reception, a record for the gallery. With the exhibition scheduled to run two fall weeks, she was confident that they would enjoy a sellout or the next thing to it.. "If I ever get there, I'll be back," she promised the gathered family. "Imagine how much we'll have to talk about. Maybe I'll even get some new pie recipes from Over There." Around the dinner table, the adults applauded, but the tougher audience squinted at the ceiling, toward which she believed the coin had arced, then at the table, where it ought to have fallen among the water glasses or in her creamed corn. At last she looked at Tom and said, "Not magic." He phoned her before leaving, to be sure she was home. She didn't work weekend shifts at the hospital; but maybe she would have gone out on this night off. When she answered, he recognized her seductive voice and devilishly muttered, "Wrong number." Tom didn't attribute supernatural powers to this killer. Enoch Cain was mortal, not all-seeing and all-knowing. Evil and stupidity often go together, however, and arrogance is the offspring of their marriage, as Tom had earlier told Celestina. An arrogant man, not half as smart as he thinks, with no sense of right and wrong, with no capacity for remorse, can sometimes be so breathtakingly reckless that, ironically, his recklessness becomes his greatest strength. Because he is capable of anything, of taking risks that mere madmen wouldn't consider, his adversaries can never predict his actions, and surprise serves him well. If he also possesses animal cunning, a kind of deep intuitional shrewdness, he can react quickly to the negative consequences of his recklessness and can indeed appear to be more than human.. Recuperating, he had plenty of time to practice meditation. He became so proficient at focusing on the imaginary bowling pin that he could make himself oblivious of all else. A stridently ringing phone wouldn't penetrate his trance. Even Bob Chicane, Junior's instructor, who knew all the tricks, could not make his voice heard when Junior was at one with the pin.. Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet." "Most tornadoes stay on the ground twenty miles or less," Edom explained, "but this one kept its funnel to the earth for two hundred nineteen miles! And it was one mile wide. Everything in its path--torn, smashed to bits. Houses, factories, churches, schools--all pulverized. Murphysboro, Illinois, was wiped off the map, erased, hundreds killed in that one town." Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him.. He'd been a godsend to Celestina, because his love of children and a new sense of fun that he'd discovered in himself were showered on Angel. He was Uncle Wally. Waddling Wally, Wobbly Wally, Wally Walrus, Wally Werewolf. Wally Wit Duh Funny Accents. Wiggle Eared Wally. Whistling Wally. Wrangler Wally. He was Good Golly Wally the Friend of All Polliwogs. Angel adored him, adored him, and he could have loved her no more if she had been one of the sons that he had lost. Overwhelmed by her classes, her waitressing job, her painting, Celestina could always count on Wally to step in to share the child rearing. He wasn't merely Angel's honorary uncle, but her father in all senses except the legal and biological; he wasn't just her doctor, but a guardian angel who fretted over her mildest fever and worried about all the ways the world could wound a child.. Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too.. Mysteriously, on the first day of sunny weather in weeks, the 707 had crashed into Jamaica Bay, Queens, killing everyone aboard. Now, in 1965, it remained the worst commercial-aviation disaster in the nation's history, and because of the unprecedented dramatic television coverage, the story was a permanent scar in Celestina's memory, although she had been living a continent away at the time.. Among those present before the caravan returned were a few who should have known better than to allow this madness. Tom Vanadium, Edom, Maria. They stared up at the boy, tense and solemn, and Agnes could only suppose that they, too, had arrived after the fact, with the boy already beyond easy recall.. Such behavior as hers was unlikely to lead to self-discovery, self improvement, and fulfillment. We make our own misery in this life. For better or worse, we create our own futures.. This was not the time to ponder the nature of the relationship between the treacherous Miss Bressler and Vanadium. Junior had a bloody trail to cover, and precious time was ticking away.. Not a door opened in the narrow street. Nobody looked out to see what the noise was. Not till long after the men were gone did some neighbors creep out to comfort Otter's people as best they could. "Oh, it's a curse, a curse, this wizardry!" they said.. Considering his formidable size, his clothes ought to have served an image of virile masculinity: boots, jeans, red flannel shirt. His ducked head, slumped posture, and shuffling feet were reminders, however, that many young boys, too, dressed this way.
